The 2025 Land Rover Range Rover Sport P400 Dynamic SE delivers a commanding presence matched by exhilarating performance. Under the hood lives a 3.0-litre inline-six engine with mild-hybrid assistance offering around 395 horsepower and 406 lb-ft of torque. Power is channeled through an 8-speed automatic transmission with full-time all-wheel drive.

Standard technologies like Terrain Response 2, Dynamic Air Suspension and Adaptive Dynamics help ensure a poised ride whether you're navigating city streets or exploring unpaved back roads. Inside, the P400 Dynamic SE is meticulously crafted for comfort and technological refinement. A floating panoramic roof bathes the cabin in natural light. The infotainment suite is anchored by a 13.1-inch PIVI Pro touchscreen interface with wireless Apple CarPlay and Android Auto, paired with a Meridian Sound System for full-bodied audio. Convenience features such as wireless device charging, a multi-function steering wheel, and an electrically adjustable steering column make daily driving effortless. Safety and driver-assistance systems are thorough and proactive. Standard equipment includes a 3D surround-view camera, adaptive cruise control with steering assist, lane keep assist, blind spot assist, traffic sign recognition with adaptive speed limiter, rear traffic monitor, and front and rear parking aid. Capability features such as Hill Descent Control, Low Traction Launch, Automatic Access Height and an electric power assisted steering system round out a package that blends luxury with capability.
